# A TRIBUTE AND THANKS TO MEMBERS OF THE HOSPITAL COMMUNITY

The management of the Centre hospitalier universitaire de Sherbrooke (CHUS) would like to thank its 121 employees who retired within the last year for their hard work and the commitment they've shown towards patients, their colleagues and the CHUS, which they helped develop. We would also like to highlight the work of the 50 employees, physicians and researchers who have devoted

25 years of service to our hospital. Their dedication and loyalty are very much appreciated. Congratulations everyone!

Activities to mark the contributions of these individuals will take place in October. The CHUS would like to thank its major sponsor **Desjardins Caisse d'économie des Cantons** thanks to whom these festivities will be possible.
